this edited volume the first book devoted to the topic of contract cheating brings together the perspectives of leading scholars presenting novel research contract cheating describes the outsourcing of students assessments to third parties such that the assignments or exams students submit are not their own work while research in this area has grown over the past five years the phenomenon has been exacerbated by the covid 19 pandemic themes addressed in this book include the definition of contract cheating its prevalence in higher education and what motivates students to engage in it chapter authors also consider various interventions that can be used to address contract cheating s threat to academic integrity in higher education including assessment practice education detection strategies policy design and legal interventions

a vital component of any publishing project is the ethical dimensions which can refer to varied categories of practice from conducting a proper peer review to using proper citation in research with the implementation of technology in research and publishing

it is important for today's researchers to address the standards of scientific research and publishing practices to avoid unethical behavior. *Scholarly Ethics and Publishing Breakthroughs in Research and Practice* is an essential reference source that discusses various aspects of ethical values in academic settings including methods and tools to prevent and detect plagiarism, strategies for the principled gathering of data, and best practices for conducting and citing research. It also assists researchers in navigating the field of scholarly publishing through a careful analysis of multidisciplinary research topics and recent trends in the industry, highlighting a range of pertinent topics such as academic writing, publication process, and research methodologies. This publication is an ideal reference source for researchers, graduate students, academicians, librarians, scholars, and industry leading experts around the globe.

The opposite of cheating presents a positive, forward-looking, research-backed vision for what classroom integrity can look like in the GenAI era, both in cyberspace and on campus. Accordingly, the book outlines workable measures teachers can use to better understand why students cheat and to prevent cheating while aiming to enhance learning and integrity.

No-nonsense, practical advice for identifying and deterring cheating, who cheats, and why, how do they cheat, what are the consequences, what are the ways of stopping it before it starts. These critical questions and more are comprehensively answered by esteemed researcher Gregory J. Cizek in this user-friendly, authoritative guide. By offering invaluable insight and straightforward strategies on how to deal with, detect, and discourage cheating, this practical resource will help you achieve more accurate assessments, which are so important in the current accountability-driven educational climate. *Detecting and Preventing Classroom Cheating* is a one-stop resource for everything educators need to know about this ever-present detriment to learning and assessment. From what constitutes cheating to future steps on how it can be eradicated, highlights of the book include high-tech sources that aid students in cheating and plagiarizing or aid educators in combating the problem, sample forms, school policies, and honor codes, characteristics of students and classrooms associated with cheating, simple classroom changes that can prevent cheating, specific techniques for responding to cheating questions for further discussion. In each chapter, K-12 teachers, principals, school board members, and policy makers alike will benefit from the practical suggestions and no-nonsense approach offered in this definitive source on cheating.

doctoral thesis dissertation from the year 2016 in the subject didactics for the subject English pedagogy literature studies language English abstract communicative competence globally becomes the aim of English language teaching and learning so far the aim of any English course should develop students' communicative

competence to the extent that they will be able to express themselves naturally proficiently and appropriately this study is conducted to check english language secondary school teachers knowledge about communicative competence elements and to what extent they are able to teach communicative competence elements to secondary school students the researcher uses a non probability sampling taking into account the representativeness of the whole districts of yaff ea seventy english language teachers n 70 at secondary schools in yaff ea responded to the questionnaire moreover the researcher observed fourteen english language teachers n 14 to check their classroom practices the researcher followed the multi methods research design data were collected by using a semi closed ended questionnaire and a structured classroom observation both data were analyzed quantitatively the validity was checked depending on the pilot study and referees whereas the reliability was checked by using a test retest method with an interval time of two weeks the findings of this study showed that teachers have to some extent good perceptions about communicative competence elements however strict contradictions were found between teachers perceptions and their actual practice moreover the study revealed that teachers face difficulties in teaching communicative competence with different levels of complexity among its elements teachers neglected teaching phonology which is a basic element of linguistic competence as well as they taught vocabulary and grammar using traditional approaches with reference to sociolinguistic competence discourse competence and strategic competence the study reported similar problems whether in the contradictions between what teachers believe in and what they actually do or the overwhelmingly neglectation of sub elements finally the study reflects the dominancy that teachers play and the passive orientation for learners

examines what it means to be a responsible professional including the sorts of things thoughtful conscientious people ought to perceive and care about

a guide to developing individualized training programmes for both athletes and fitness enthusiasts this second edition has been updated and includes more discussions tables and figures that introduce recent studies and current research findings on resistance training and physical conditioning
